IITD also has an institute wide complimentary license for [Dreamspark Premium](#) under which several Microsoft development tools, like Visual Studio 2012, are available to faculty and students purely for academic use. Please

[click here](#)

to check out the terms of use for Dreamspark products and

[here](#)

to see the nature of the

[Dreamspark agreement](#)

.

The software under the Dreamspark license should not to be distributed further and users should not make copies of these.

Visual Studio is available through the [Windows software distribution](#) link. Some other popular software development tool under Dreamspark, including SDKs for Kinect and Windows phone, can be downloaded from

<http://repo.iitd.ernet.in/winsoft>

.

Please write to msgroup@cc.iitd.ac.in in case you require other Dreamspark software.
